4.7 Whereas CAPASSO has entered into blanket licence agreements with the national broadcaster and/or other pay and free-to-air television and radio stations and whereas CAPASSO has, within those agreements, indemnified the broadcasters against all and any claims from non-Members/ Mandating Rightsholders for the broadcast use of their repertoire, the Member/ Mandating Rightsholder warrants and represents that the repertoire it has registered with CAPASSO extends to all musical works forming part of any such catalogues owned and/or controlled by the Member/ Mandating Rightsholder.

4.8 A Member found to be in breach of the contents of this Membership Rules document shall be requested to remedy the breach within 7 (seven) days written notice. Failure to remedy such breach may result in the Member’s membership and/or mandate being suspended.
5 Code of Conduct: Production Music Publishers

“Production Music” means a Work of Music intended for use in synchronization with third party productions, whether such productions are in visual or audio format, provided that the Work of Music is not subject to an Exclusive Use Agreement with any third party, and that the Work of Music has been catalogued and made generally available in the territory for such use. Subject to the discretion of the Board, for any purpose related to membership of the Company, a Work of Music cannot simultaneously exist as Production Music and Commercial Music and/or Commissioned Music.

“Production Music Member” means a Person who has been admitted to membership of the Company on the basis that he is an owner, licensee, assignee and/or successor in interest, of a Production Music work, provided that such Members shall exclusively mandate to the Company 100% (one hundred percent) of the broadcast Mechanical Right in the Production Music work (including the Work of Music and Sound Recording that embodies such work) in order to qualify as Production Music Members. For the purposes of this section 5, “Production Music Member” shall include a Mandating Rightsholder whose musical works constitute Production Music.

5.1 The Production Music Member undertakes and agrees:

5.1.1 to register all new titles and recordings, that are designated as Production Music and that it wishes CAPASSO to administer, with CAPASSO;
5.1.2 The Production Music Member hereby agrees to waive its moral rights in respect of work designated as Production Music;

5.1.3 in the case of Production Music produced in South Africa, to provide one copy of each CD, DVD or audio file including acceptable album metadata to CAPASSO for registration, search engine compatibility and cue sheet tracking;

5.1.4 that unique catalogue numbers are allocated to each released Album series/collection or audio file folders, and that the music is clearly packaged as being available for licensing as Production or Library music;

The onus shall rest with the Member to ensure that CAPASSO is in possession of a copy of its latest files and metadata.

5.1.5 to provide the following metadata, as a minimum:

- Album Date of release
- Album / Label catalogue number
- Album Title
- PM Catalogue Label name
- Composers names
- Track numbers
- Track filenames
- Track Keywords / descriptions / search terms
5.2 The Production Music works and recordings have been, or will promptly be made **Generally Available** (i.e. released in sufficient quantities, “actively” available to users, and not supplied in response to an individual request for music) to broadcasters, production houses and recording studios in South Africa, and that the works/recordings are not subject to exclusive, or commissioning exclusive, licensing agreements, or “buyout” arrangements.

5.3 The Production Music Member agrees that its Production Music works will be licensed, on a transactional basis, at standard fees as per the CAPASSO Production Music Rate Card.

5.4 Where a Production Music Member and a Licensee are “related” as contemplated in section 2 of the Companies Act 2008, the standard of usage reporting afforded to that Production Music Member by the related broadcaster shall be the minimum standard of reporting acceptable for use of other Members works.

5.5 A Production Music Member shall not:
5.5.1 prohibit, cause the prohibition of, or allow the prohibition by, a Licensee, the Licensee’s staff or the Licensee’s content suppliers from using repertoire from any and all CAPASSO Members.

5.5.2 in relation to a fellow Member, conduct itself or involve itself with conduct which is deemed to constitute unlawful competitive practice as envisaged in South African Competition Law.

5.5.3 Where a Production Music Member alleges that another Production Music Member (the offending Member) is in contravention of this clause (5.5), such Member may refer the offending Member to the Copyright Tribunal.

5.5.4 CAPASSO shall take the relevant steps to uphold the ruling, or anticipated ruling, of the Copyright Tribunal in a referral anticipated in 5.5.3 above.

5.6 Save as authorised by the Code of Conduct laid down by the Board of CAPASSO from time to time, the Member will not directly or indirectly agree to pay back to any user licensed by CAPASSO any proportion of any royalties/fees generated from that user under the relevant licence or sum or other valuable consideration equivalent to such proportion where a primary object or effect of the payment to the user is to persuade or influence the user on the basis of the payment to favour Works in the repertoire of the Member in preference to Works in the repertoire of other Members.

5.7 The Production Music Member warrants that it is entitled to receive the full 100% of mechanical and synchronisation income from any revenues licensed and collected by CAPASSO with regards to both local and international library repertoire. For the
avoidance of any doubt, the Member warrants that counter claims from any of other composers, publishers or other collecting societies, of which those composers may be members, will not be contemplated and the Production Music Member hereby indemnifies CAPASSO from any and all claims in this regard.

5.8 The Production Music Member warrants that it has not and will not enter into any overlapping arrangements whereby the Member directly or indirectly receives any fees royalties or sums (other than performing rights royalties, needletime royalties and genuine payments for services rendered such as use of recording studios or editing facilities or services).

5.9 Where the Production Music Member wishes to enter into a sub-publishing agreement with respect to certain of its Production Music catalogues, and where the sub-publisher chooses not to be a CAPASSO member but is not ineligible for membership, and where such sub-publisher shall enter the catalogues into licensing arrangements with CAPASSO’s blanket licensees, such catalogues shall be excluded from CAPASSO’s blanket licensing arrangements.

5.10 Where the Production Music Member wishes to enter into sub-publishing agreement with respect to certain of its Production Music catalogues, and where the sub-publisher is ineligible for CAPASSO membership, such catalogues shall be excluded from all CAPASSO licensing arrangements.

6.4 Blanket Broadcast Licence Fees: Calculation of Distributable Usage Units

Usage data from Broadcast Licensees is divided into 30 second units or part thereof of reproduced works/music (i.e. Usage Units).

The Distributable Royalties for that Broadcaster are then divided by the number of Usage Units in order to determine the rate per Usage Unit.

The Distributable Royalties are then distributed at the calculated rate for each Usage Unit allocated to each participating Work of Music.
6.5 Broadcast Blanket Licence Fees: Distribution Rules between classes of Works of Music

Subject to annual review, Blanket Broadcast Licence Fees shall be distributed in accordance with the following weighting:

- Production Work of Music: 1 point
- Sound recording relating to a Production Work of Music: 1 point
- Commercial Work of Music: 1 point
- Commissioned Work of Music: 1 point

6.6 Transactional Licence Fees

Transactional licence fees shall be distributed on a title-tied basis, in accordance with the published Rate Card.

6.7 Digital Service Provider (DSP) Licence Fees

DSP licence fees shall be distributed on a work-by-work basis. The Distributable Royalties are divided into the participating Works of Music, depending on usage (download or usage).

6.8 In-Store Music Provider Licence Fees

In-store Music Provider Distributable Royalties shall be distributed on a work-by-work basis. The Distributable Royalties are divided into the participating Works of Music, depending on usage (download or usage).
6.9 Undistributable Royalties

6.9.1 Undistributable Digital Royalties: Rightsholder Unknown

Unclaimed royalties, i.e. royalties received for the reproductions of works where the rights’ owner is neither a Member nor Mandating Rightsholder, or cannot be identified after reasonable effort, shall be placed into a Suspense Account for a period of three (3) years. CAPASSO shall research the available information to identify the rights’ owner and the unclaimed royalties would be released when the rights’ owner is identified and located, at the same rate and rules applicable at the time when the royalties were first paid (the Primary Distribution).

Following the three year Suspense Account period, unclaimed royalties shall be used to increase distributions in the first possible distribution of the same class (i.e. for the same digital service provider [DSP] where possible or, if this is not possible, the same type of service) in the fourth year, in direct proportion to the Member earnings ratio in the Primary Distribution.

6.9.2 Undistributable Broadcast Royalties: Inadequate Usage Report Submission (effective from March 2016 broadcast distribution run)

Where less than 100% of broadcaster usage reports (cue sheets) are received from a broadcaster for any distribution period, the distribution for that period
(the Primary Distribution) shall be pro-rated, with the licence fees/royalties distributable in that period capped to the percentage of cue sheet received.

The undistributed royalties shall be held in a Suspense Account and distributed as and when the outstanding cue sheets are submitted, at the same distribution rate as the Primary Distribution (these being the Secondary Distributions).

Where undistributed royalties remain at the end of the three-year Suspense Account period, the undistributed royalties shall be distributed to the participants of the Primary and Secondary Distributions in the same proportion as their participation.

7  Interest on Royalties Collected

7.1 All royalties received by the Company shall be placed in a passive investment account pending distribution. Any and all interest accrued on monies so invested shall be allocated to the overall distributable royalties provision.

7.2 Such interest shall be distributed to rightsholders in accordance with their prorated share in the principal royalties invested. Only rightsholders whose works are identified as being reproduced in the period relating to the principle distribution shall be eligible to participate in the distribution of interest accruing from royalties so distributed.

7.3 Notwithstanding the foregoing, the Company shall be entitled to recover any and all reasonable operational costs which cannot be covered by the standard
Administration Fee from the interest so invested. In the event that the Company recovers such reasonable costs as envisioned above, the balance of the interest, if any, shall be distributed to rightsholders as per the provision detailed above.

7.4 For the avoidance of doubt the Company is only entitled to recover costs incurred in excess to the Administration Fee solely from the interest accruing from royalties invested and not from the actual royalties.

7.5 Distributions of all accrued interest shall be made annually following the end of each financial year.
